

# Spirit of adventure

– new wallpaper collection from Decor Maison

*We are all adventurers at heart, which is why we are so fascinated by foreign places and cultures. The inspiration for our new **Spirit of adventure** collection is taken from some of the most exotic places in the world, and the people who live to explore them.*

*The dense rainforests of the **Amazon** provide striking leaf patterns in eye-catching colours. Enchanting gardens in **Yorkshire** and fine old British traditions yield beautiful patterns in a new guise. A safari on the **Masai Mara** gives us muted shades and patterns whose nature changes with the light. A glimpse of **Lapland**, where bold patterns inspired by Sami traditional dress bring your walls to life. A fairytale from **Bavaria**, where towering medieval chateaus and castles provide inspiration.*

***Spirit of adventure** brings out the adventurer inside you!*
